NOTABLE INCIDENTS:

Two severe storms went through the northwest portion of our county last month. Large scale damage was not incurred. ESDA along with multiple volunteer fire departments, the Sheriff's Office and trained storm spotters were able to observe the storms. Their help always allows us to alert the public to real time conditions.

An automobile wreck in the northern part of the county resulted in an extrication and life-flight. Alexis FD, Alexis Ambulance, Gerlaw FD, Sherriff's Office, North Henderson FD, Galesburg FD, GHAS and Medforce responded to the scene. The patient is now recovering.

An automobile wreck in the southern part of the county received a quick response from Roseville Ambulance, Roseville Rescue, Roseville FD, Smithshire Fire, Swan Creek Fire and the Sherriff's Office. All patients are now recovering.

A fully engulfed fire in our northern part was responded to by Gerlaw FD and Alexis FD. The fire was under control in approximately 2.5 hours.

HANDS-ONLY CPR:

The first 5-10 minutes after a cardiac arrest is crucial. A person is 2-3 times more likely to survive if this technique is used. You can learn more at: [heart.org/handsonlycpr](http://heart.org/handsonlycpr)
